Bergstrom Electric, Inc.
Attention: Cliff Moen
P.O. Box 13152
Grand Forks, ND 58203

Dear Cliff,

I would like to thank you personally and compliment the entire Bergstrom Electric, Inc. team on the superb work that was performed during construction of the new Hilton Garden Inn located in Grand Forks. Your site supervisor Ward, merits special recognition from both myself and your company – he did an extraordinary job.

This was a design build project, which meant that your team's expertise and attention to detail was of the utmost importance to us. Your team pushed hard to keep the design of this project on schedule, while at all times, being flexible to our needs. Not only are we impressed with the professionalism that was provided, but the pace and quality of work that your employees performed. As you know, there is no one that drives a project harder than I do, and it was a personal pleasure to see Ward and your team keep up and perform with quality.

We can see that Bergstrom Electric, Inc. prides itself on its integrity, honesty and commitment to their customers and we would highly recommend your company to anyone looking for those qualities.

Sincerely,

Thomas D. Arnot
