PO Box 13152
Grand Forks, ND 58208

Attn: Cliff Moen

Dear Cliff:

I wanted to send you a note and let you know how much I appreciated all of the time and effort your company put into the Country Inn & Suites project. All of your employees, especially Steve Wasvick, provided great service to us from the inception of the project to the completion of the punch list. Your company's insight into the various options available to us was a great help.

I would also like you to know that because of how well everything was handled on the project, I would be more than happy to provide a reference for your company. A hotel developer would be fortunate to have you as their electrical contractor.

Sincerely,

A handwritten signature in black ink, appearing to read 'Todd Innes', is written over a horizontal line.

Todd Innes
Owner
