Dear Cliff:

On behalf of M.A.Mortenson Co. and the public owners that we served in the Grand Forks region over the last 5 years, I would like to express our sincere appreciation to Bergstrom Electric for the performance delivered by your firm on all of the facilities in which you were involved. Most notably were projects such as the new Alerus Events Center, the new Grand Forks South Middle School and the new Grand Forks County Combined Office Complex.

Your firm's proactive and cooperative performance, coupled with its technical expertise and the commitment of your professional and field staff, went well beyond our expectations of the 'low bidder'. It is this concern for client service that allows Mortenson to be in the position of recommending your organization for any project, but most specifically those of a design/build nature.

Please do not hesitate to pass this correspondence on to perspective clients along with a suggestion that they call me directly at 763-287-5291.

Sincerely,

A handwritten signature in blue ink, appearing to read "Daniel C. Mehls".
