

Terra Pacific Midwest

July 15, 2009

Mr. Cliff Moen, President
Bergstrom Electric, Inc.
3100 North Washington Street
Grand Forks, ND 58203

Dear Cliff,

I thank you and your team for the excellent job Bergstrom Electric did on the IRET Corporate Plaza project in Minot. As the General Contractor on this complex project, I know the magnitude of the work involved and also the enormous amount of redesign that was done while we were under construction.

Your Project Manager, Steve Wasvick, and Foreman, Terry Olson, did an outstanding job of keeping this project on schedule. They worked with the electrical engineer and owner to value engineer and then redesign significant parts of the job, and they made sure your crews had the resources they needed to get the job done. Your electricians produced high-quality work and were definitely team players. It was a pleasure working with Bergstrom Electric on this project.

Thanks again for a job well done. I hope we have the opportunity to work together again.

Sincerely,

Jason Gunderson,
Vice President
