Dear Cliff,

I would like to express my gratitude to you and your staff for the work you have performed on the Marvin Windows Plant in Grafton, ND. The crew from Bergstrom Electric, Inc. worked diligently to maintain progress according to the work schedule. Despite the Grand Forks flood of 1997, you did your part to complete construction and open the Marvin Windows Plant a month ahead of schedule.

Bergstrom Electric, Inc. excelled in many ways at the Marvin Windows Plant. Bergstrom electric, Inc. provided highly skilled workers who performed their responsibilities with a high degree of professionalism. They worked hard to maintain all appropriate quality assurance standards as set forth in the project plans.

Teamwork played a vital role in this project, and to have a professional team such as yours on site made everything run smooth. The firm of Widseth Smith Nolting is proud to have had the opportunity to work with such a professionally run company in the electrical trade.

Respectfully yours,

WIDSETH SMITH NOLTING
