Grand Forks, North Dakota 58208-3152

Dear Cliff:

Widseth Smith Nolting & Associates, Inc. has been very pleased with your staff for the excellent work you have performed on the LM Glasfiber facility in Grand Forks, North Dakota.

Our firm has worked with you on a number of projects and again, your performance has been extremely good. Working with all the contractors, clients, Architects/Engineers, has shown a great sense of communication.

We have worked closely with you and your staff and have found Bergstrom Electric to be thoroughly knowledgeable in the industry, including on-site construction detail, techniques, and completion of deadlines.

The firm of Widseth Smith Nolting is proud to have had the opportunity to work with such a professionally run company in the electrical trade.

Very truly yours,

WIDSETH SMITH NOLTING & ASSOCIATES, INC.

Roger D. Helland, AIA/CSI
